INTERIOR DESIGN AGENT

Your ideas.
A space to see.

Say what you need. Add references.
See a 3D proposal and rough budget.

Mobile-first · Desktop-ready

Product concept proposal

Original concept illustration. Not customer work.

01 / THE PROBLEM

An idea is easy.
The next step isn't.

"I like this feeling."

"Would it fit my home?"

"What might it cost?"

Hypotheses to validate in user interviews

Start with homeowners exploring renovation ideas.

01 Express the idea

02 See the space

03 Understand the budget

02 / THE JOURNEY

A few simple steps.
From idea to proposal.

01

Say it

Voice or text

02

Show it

Images and styles

03

See it

3D + rough budget

04

Go further

Paid advanced features

No complete floor plan required to start.

Ask only for the details that matter.

03 / THE DIFFERENTIATION

More than appearance.
Designed with Taiwan in mind.

Physical space

Dimensions, circulation and clearances

Taiwan regulations

Sources, versions and applicability

Fire safety

Identify impacts and open questions

MEP layout

Equipment, points and interfaces

Useful means grounded.

Start with limited, verifiable checks. Make missing information visible.

Planned capability, not comprehensive code review or construction approval. Candidate knowledge source ↗

04 / THE BUSINESS MODEL

Try the value.
Pay when you need more.

FREE CORE

See the idea.
Frame the budget.

- ✓ Basic 3D proposal
- ✓ Rough budget range

PAID FEATURE CANDIDATES

Go deeper.
Refine the result.

More options · Higher quality · Exports

Detailed estimates · Expert advice

Bundles, quotas and pricing to validate

Customer cases Build trust with real work. Publish only with genuine projects and consent.

05 / MVP

One complete experience. Before a bigger platform.

1

room, limited scope

From a simple brief to 3D and budget.

IN

Voice/text and reference images

Lightweight results, budget and limitations

Payment entitlement tests and case entry

LATER

Whole-home BIM, automatic construction drawings

Complete MEP design and contractor management

Keep engines, providers, pricing and quotas open.

06 / THE TEAM

Five builders.
One connected experience.

M

Mika

Experience

Voice, images, mobile and desktop

C

Chris

Platform

Services, jobs and provider selection

E

Even

Budget & trades

Cost evidence, MEP and trade context

J

Josh

Local knowledge

Regulations, expert review and cases

V

Victor

Validation

Needs, paid-value tests and acceptance

Everyone can build

Flexible ownership and shared delivery.

Pilot users

Mika · Victor

Deployment, architecture, domain

Chris · Even · Victor

07 / THE NEXT STEPS

Validate first.
Then converge.

M0

Align

Journey, sources, providers

M1

Input to 3D

Voice, text, images

M2

Budget + context

Taiwan checks, evidence

M3

Paid + cases

Entitlements, real content

M4

Device pilot

UX, cost, upgrade intent

M5

Pro extension

Invest based on evidence

Our first shared goal

Two users. One complete basic flow.

Understand the budget and limitations. Test upgrade intent.

Progress through evidence. Delivery dates remain open. Presentation source ↗
